

HERCULES ALUMINIUM LIFTER

The Aluminium Lifter is an economical version of the Genie Lift. This machine has a light aluminium mast and is equipped with wheels on the mast to allow it to be used as a trolley.

The Aluminium Lifter comes with a foot brake and is lifted easily by the manual winch, there are no hydraulics.

These machines can also come with an Electric Winch.

Features

- 181kg Capacity
- 3100mm max lifting height
- Manual and Electric Winch available.
- 2 models available

Standard Legs

Straddle legs
